Painted Service Parts

ordering guidelines

Compact Track and Skid Steer Loaders are available in various colors and nomenclatures (brands / model names).

Paint color needs to be specified when ordering painted components. When ordering painted components, inform the support representative of the brand and model name of your machine before selecting the proper color from the list below. The support representative should be able to assist you in finding the correct one based on your machine's **VIN number**. This should help to identify the original machine configuration and nomenclature.

Note: Not all colors are available on all components. Available colors are limited to those considered “standard” on your particular machine and component(s). Please do not attempt to order non-standard colors for your machine as the order will not be fulfilled until corrected.

The color codes are to be referenced as a suffix to the part number of the component you are requesting, for example: 0000-000-GRN (indicating a green part).

The following is a list of available colors.

<u>Color</u>	<u>Color Code:</u>
BLACK	BLK (All Models)
WHITE	WHT (TEREX)
YELLOW	YEL (VERMEER)
YELLOW	YEY (ASV / TAKEUCHI)
GREEN	GRN (SUNBELT)
RED	RED (TAKEUCHI)
GRAY	GRY (TEE)
GRAY	GTG (SKID STEER WHEELS ONLY)
ORANGE	ORN (ASPLUNDH)

This exploded view diagram illustrates the assembly of a hydraulic system. The components are numbered as follows:

- 1, 2:** Small O-ring seals.
- 3, 4:** Hose end fittings.
- 5:** A hydraulic valve or pump unit.
- 6:** A long hydraulic hose.
- 7:** A cylindrical component, likely a filter or accumulator.
- 8, 9, 10:** Mounting hardware including a plate and screws.
- 11:** A hydraulic pump or motor.
- 12, 13:** Hose end fittings and a cylindrical component.
- 14:** A long hydraulic hose.
- 15, 16, 17, 18, 19, 20, 21, 22:** Various fittings, elbows, and mounting hardware for the lower section.
- 23:** A long hydraulic hose.
- 24:** A hydraulic valve or pump unit.
- 25, 26, 27:** Hose end fittings and a cylindrical component.
- 28:** A long hydraulic hose.
- 29:** A mounting plate.

The diagram shows the spatial arrangement of these parts, with dashed lines indicating the assembly path and alignment. Key sub-assemblies are shown in perspective, including a main hydraulic unit on the right and a mounting bracket on the left.
