NOTE: Ordering parts that are painted requires a
specific part number format. Please refer to page III of this manual for paint
code and ordering information.

Painted Service Parts

ordering guidelines

Compact Track and Skid Steer Loaders are available in various colors and nomenclatures (brands / model names).

Paint color needs to be specified when ordering painted components. When ordering painted components, inform the support representative of the brand and model name of your machine before selecting the proper color from the list below. The support representative should be able to assist you in finding the correct one based on your machine's **VIN number**. This should help to identify the original machine configuration and nomenclature.

Note: Not all colors are available on all components. Available colors are limited to those considered “standard” on your particular machine and component(s). Please do not attempt to order non-standard colors for your machine as the order will not be fulfilled until corrected.

The color codes are to be referenced as a suffix to the part number of the component you are requesting, for example: 0000-000-GRN (indicating a green part).

The following is a list of available colors.

<u>Color</u>	<u>Color Code:</u>
BLACK	BLK (ALL MODELS)
WHITE	WHT (TEREX)
YELLOW	YEL (VERMEER)
YELLOW	YEY (ASV)
GREEN	GRN (SUNBELT)
RED	RED (TAKEUCHI)
GRAY	GRY (TEE)
GRAY	GTG (SKID STEER WHEELS ONLY)
ORANGE	ORN (ASPLUNDH)

GENERAL SERVICE ITEMS & LUBRICANTS

<u>ITEM</u>	<u>DESCRIPTION</u>	<u>PART NUMBER</u>
-Engine Oil Filter	Filter, Engine Oil	0200-377
-Primary Air Filter	Filter, Primary Air	0200-339
-Secondary Air Filter	Filter, Secondary Air	0200-340
-Fuel Filter	Filter, Fuel	0200-213

ITEM 21

7000-979: Tire & Rim Assembly
Includes items 12&13

Note: Wheel/tire assemblies (21) configured for right side installation are not interchangeable with assemblies for left side installation.

Tires (13) are directional and spacing is different on the inside and outside of the wheels (2).

Order from this page when replacing tire/wheel assemblies for right side only.

Note: For best performance, always ensure tire size and ply rating/load range are the same for all tires on a given machine.
