Painted Service Parts

ordering guidelines

Compact Track and Skid Steer Loaders are available in various colors and nomenclatures (brands / model names).

Paint color needs to be specified when ordering painted components. When ordering painted components, inform the support representative of the brand and model name of your machine before selecting the proper color from the list below. The support representative should be able to assist you in finding the correct one based on your machine's **VIN number**. This should help to identify the original machine configuration and nomenclature.

Note: Not all colors are available on all components. Available colors are limited to those considered “standard” on your particular machine and component(s). Please do not attempt to order non-standard colors for your machine as the order will not be fulfilled until corrected.

The color codes are to be referenced as a suffix to the part number of the component you are requesting, for example: 0000-000-GRN (indicating a green part).

The following is a list of available colors.

<u>Color</u>	<u>Color Code:</u>
BLACK	BLK (All Models)
WHITE	WHT (TEREX)
YELLOW	YEL (VERMEER)
YELLOW	YEY (ASV / TAKEUCHI)
GREEN	GRN (SUNBELT)
RED	RED (TAKEUCHI)
GRAY	GRY (TEE)
GRAY	GTG (SKID STEER WHEELS ONLY)
ORANGE	ORN (ASPLUNDH)

Chapter 3

[illegible]

Assembly 12 & 24.

This exploded view diagram illustrates the assembly of a mechanical unit, likely a pump or motor housing. The central component is a large rectangular housing (12). To its left, a vertical stack of three circular plates (24) is shown, with a central shaft (23) passing through them. Above the housing, a curved duct (7) is shown with various seals and gaskets (6). To the right, a complex assembly of small components (1-5, 10-11, 25-29, 32-33) is shown, including a central shaft (28) with a pulley (29) and various fasteners. Below the housing, a curved duct (31) is shown with various seals and gaskets (6). The diagram uses dashed lines to indicate the assembly path and alignment of the parts.
